WHAT ATTENDEES SAY:

"The survivor story was very impactful. Being in law enforcement, we tend to hide our emotions. This story had me almost in tears. I'm thankful for her sharing this information, as I can't imagine how hard this is to speak about. I will forever cherish this information and practice what I learned in my law enforcement career." RCMP Officer

"Thank you so much for this presentation. It sure gave me pointers to look for and gave me specific questions to ask for. This presentation was powerful!" Canadian LEO

"I am an Intelligence Officer with Canada Border Services. I recommended after hearing this presentation that it should be provided to all CBSA Officers who work the lines at land borders, airports, and marine ports. These are all locations traffickers would use to move people in and out of countries." Canada Border Services LEO

"I have told my chief that this training should be given to ALL police officers and that I would give you guys a 200/100." Canadian LEO
